

WITHDRAWAL FROM THE UNIVERSITY OR A COURSE

Graduate students who must withdraw from the University for any reason may do so by dropping all courses online through UNCGenie until the last day to drop without academic penalty. Course withdrawals that occur after this date are automatically assigned a WF grade, which is calculated as an F (failing) grade.

Students whose registration for all courses is cancelled by the University must seek reactivation or readmission through the Graduate School to return to school in subsequent terms.
