### Related Area Requirements

Because history is closely related to many other disciplines, we strongly recommend that history majors consult their advisors about using their liberal education requirements and electives to build a coherent series of related courses. Students interested in the various national histories may wish to pursue language and literature courses in the same area; students interested in social and institutional history may wish to pursue courses in the social sciences such as anthropology, sociology, political...
science, and economics; students interested in cultural and intellectual history will profit by work in philosophy, religious studies, and art and music history.

Teacher Licensure Requirements

Additional credits beyond those listed below are required for completion of the degree. See teacher licensure requirements in School of Education Licensure Programs.

### Electives

Electives sufficient to complete the 122 credit hours required for degree.
