**Accelerated B.F.A to M.F.A. Application and Admission**

Qualified undergraduate IARc majors may apply for admission to the graduate program at the end of the Fall semester of the third year in the B.F.A. program. Once admitted, a student may earn a B.F.A. and a M.F.A. in five years (including Summer sessions). A cumulative GPA of at least 3.5 in the B.F.A. program is required. Additionally, standard application requirements for the M.F.A. in Interior Architecture include undergraduate transcripts, GRE scores, portfolio review, TOEFL scores for international students, recommendations, a personal statement and a personal interview (optional).

All applicants must complete the Accelerated Master’s Program (AMP) information when applying for admission to the graduate degree program.

**Courses**

Courses to be counted for the M.F.A. program must receive prior approval of the IARc Graduate Program Director. Admitted students may apply a maximum of 19 credits of graduate level course work toward completion of both the B.F.A. and M.F.A., provided a grade of B or better is earned in each graduate course and that graduate level requirements are fulfilled.

The M.F.A. degree requires 60 credits of graduate-level course work, and the B.F.A. requires 120 credits. Assuming 19 credits are double-counted for both degrees, students would need to complete an additional 41 credits of graduate courses to complete the M.F.A. degree.

The following courses (19 credits) may be counted toward both the B.F.A. and M.F.A. degrees:
