PHYSICS, B.A.

The Physics Major is a firm basis for a career in medicine, law, business, sales, engineering, teaching, computing, biophysics, environmental science, or physics.

Students who elect physics as a major must complete specific courses no later than the end of their sophomore year. Any student who desires to major in physics should contact the head of the department as soon as possible so a proper schedule can be planned.

Overall Requirements
- 120 credit hours, to include at least 36 credits at or above the 300 course level
- Minimum of 27 credits in Physics courses above the 100 level.
- Students must have at least a 2.0 GPA for the required Physics and Mathematics courses.

Degree Program Requirements

University Requirements (https://catalog.uncg.edu/academic-regulations-policies/undergraduate-requirements/undergraduate-degrees-and-degree-requirements/)

General Education Requirements (MAC) (https://catalog.uncg.edu/academic-regulations-policies/undergraduate-requirements/general-education-program/#generaleducationcorerequirementstext)

College of Arts and Sciences Additional Requirements (CIC) (https://catalog.uncg.edu/arts-sciences/#additionalundergraduaterequirementstext)

Major Requirements

Core Courses
- PHY 291 General Physics I with Calculus
- PHY 292 General Physics II with Calculus
- PHY 311 Intro to Experimental Methods
- PHY 321 Introduction to Modern Physics
- PHY 323 Mechanics
- PHY 325 Electricity and Magnetism I
- PHY 327 Thermal Physics
- PHY 351 Intro to Computational Physics
- PHY 401 Physics Senior Seminar
- PHY 352 Mechanics
- PHY 327 Thermal Physics
- PHY 351 Intro to Computational Physics
- PHY 401 Physics Senior Seminar

Related Area Requirements
- CHE 111 General Chemistry I
- CHE 112 and General Chemistry I Laboratory
- CHE 114 General Chemistry II
- CHE 115 and General Chemistry II Laboratory
- CSC 120 Introduction to Computer Programming for Non-Majors
- MAT 390 Ordinary Differential Equations

Select one of the following Calculus Sequences: 12
- MAT 191 Calculus I
  - MAT 192 Calculus II
  - MAT 292 Calculus III
  - MAT 293 Calculus IV

Sequence 2
- MAT 194 Calculus A
- MAT 295 Calculus B
- MAT 296 Calculus C

Optional Concentration
The optional concentration as detailed following the major requirements may be added, but is not required.

- Physics Major with Comprehensive Science High School Teaching Licensure

Electives
Electives sufficient to complete the 120 credit hours required for degree.

Physics Major with Comprehensive Science High School Teaching Licensure Concentration Requirements

The Comprehensive Science High School Licensure (PHYS) program provides a strong background in physics as well as licensure for high school physics teaching. In addition, successful completion of this program qualifies candidates to teach other high school science subjects as well.

Additional Requirements for Teacher Licensure
