The Psychology Department offers two graduate training tracks—
a terminal M.A. in general experimental psychology and a Ph.D. in
psychology with specializations in clinical and experimental (e.g.,
cognitive, developmental, and social) psychology. Students may apply to
either or both tracks. The M.A. degree is earned as part of the doctoral
program. The clinical program has been continuously accredited by
the American Psychological Association since its initial accreditation in
1982. The next site visit is in 2023.

Graduate Training Programs
The Psychology Department offers two graduate training tracks—
a terminal M.A. in general experimental psychology and a Ph.D. in
psychology with specializations in clinical and experimental (e.g.,
cognitive, developmental, and social) psychology. Students may apply to
either or both tracks. The M.A. degree is earned as part of the doctoral
programs. The clinical program has been continuously accredited by
the American Psychological Association since its initial accreditation in
1982. The next site visit is in 2023.

The Psychology Department has additional policies and procedures that
are described in the Psychology Graduate Student Handbooks, which are
accessible from the Graduate Program Overview (https://psy.uncg.edu/
graduate/graduate-overview/) page.

The graduate program has four major areas of concentration:

• Clinical (Eddington, Fields-Olivieri, Herndon, Jensen, Keane, Mendez
  Smith, Nelson-Gray, Stein, Vrshek-Schallhorn, and Wisco)—includes
  research training and clinical training in a variety of service settings.
• Cognitive (Delaney, Kane, Marcovitch, Touron, Wahlheim, and Wiley)—
  includes basic research in human memory, attention, cognition, and
  language.
• Developmental (Boseovski, DeJesus, Keane, Marcovitch,
  Nancekivell, Touron, and Wahlheim)—includes basic research in
  behavioral, cognitive, language, and social development in infant,
  child, adolescent, and adult humans and in animals.
• Social (Baker, Boseovski, Cassidy, Silvia, and Zell)—includes
  basic research in social phenomena, e.g., aggression, attitudes,
  communication, gender relations, intergroup comparison, and social
  competence.
