The Psychology Department offers two graduate training tracks—a terminal M.A. in general experimental psychology and a PhD with specializations in clinical, cognitive, developmental, and social psychology. Students may apply to either or both tracks. The M.A. degree is earned as part of the doctoral programs. The clinical program has been continuously accredited by the American Psychological Association since its initial accreditation in 1982. The next site visit is in 2021.

At both levels, the objective is to provide the combination of a sound scholarly foundation with methodological and practical skills that will enable the student to function in a variety of academic, research, and service settings. The program has four major areas of concentration:

- Clinical (Eddington, Jensen, Keane, Mendez Smith, Nelson-Gray, Stein, Vrshek-Schallhorn, and Wisco)—includes research training and clinical training in a variety of service settings.
- Cognitive (Delaney, GuttenTag, Kane, Marcovitch, Touron and Wahlheim)—includes basic research in human memory, attention, cognition, and language.
- Developmental (Boseovski, DeJesus, GuttenTag, Johnston, Keane, Marcovitch, Touron and Wahlheim)—includes basic research in behavioral, cognitive, language, and social development in infant, child, adolescent, and adult humans and in animals.
- Social (Baker, Boseovski, Cassidy, Silvia, and Zell)—includes basic research in social phenomena, e.g., aggression, attitudes, communication, gender relations, intergroup comparison, and social competence.

The goal of the terminal M.A. program is the conferral of the Master of Arts degree. Those who successfully complete the terminal M.A., however, may apply to the Ph.D. program. In addition, students with master’s degrees from other institutions are welcome to apply to the Ph.D. program. Past work from other M.A. programs is evaluated to determine which requirements of our program have been satisfied.

The Psychology Department has additional policies and procedures that are described in the Psychology Graduate Student Handbook, which is accessible electronically at https://psy.uncg.edu/wp-content/uploads/2018/08/Graduate-Student-Handbook_2018-2019.docx.
