The Psychology Department offers two graduate training tracks—a terminal M.A. in general experimental psychology and a Ph.D. in psychology with specializations in clinical and experimental (e.g., cognitive, developmental, and social) psychology. Students may apply to either or both tracks. The M.A. degree is earned as part of the doctoral programs. The clinical program has been continuously accredited by the American Psychological Association since its initial accreditation in 1982. The next site visit is in 2023.

The Psychology Department has additional policies and procedures that are described in the Psychology Graduate Student Handbooks, which are accessible from the Graduate Program Overview (https://psy.uncg.edu/graduate/graduate-overview/) page.

The graduate program has four major areas of concentration:

- **Clinical** (Eddington, Fields-Olivieri, Jensen, Keane, Mendez Smith, Nelson-Gray, Vrshek-Schallhorn, Weber, and Wisco)—includes research training and clinical training in a variety of service settings.
- **Cognitive** (Delaney, Kane, Marcovitch, Wahlheim, and Wiley)—includes basic research in human memory, attention, cognition, and language.
- **Developmental** (Boseovski, DeJesus, Keane, Marcovitch, and Wahlheim)—includes basic research in behavioral, cognitive, language, and social development in infant, child, adolescent, and adult humans and in animals.
- **Social** (Baker, Boseovski, Cassidy, Silvia, and Zell)—includes basic research in social phenomena, e.g., aggression, attitudes, communication, gender relations, intergroup comparison, and social competence.

### Teacher Licensure
Undergraduate students who wish to seek teacher licensure should see School of Education Initial Licensure Programs (https://catalog.uncg.edu/education/teacher-education-higher-education/school-of-education-initial-licensure-programs/) as well as below. Such persons should contact the departmental Undergraduate Program Director as early as possible.

### Graduate Training Programs
The Psychology Department offers two graduate training tracks—a terminal M.A. in general experimental psychology and a Ph.D. in psychology with specializations in clinical and experimental (e.g., cognitive, developmental, and social) psychology. Students may apply to either or both tracks. The M.A. degree is earned as part of the doctoral programs. The clinical program has been continuously accredited by the American Psychological Association since its initial accreditation in 1982. The next site visit is in 2023.

The goal of the terminal M.A. program is the conferral of the Master of Arts degree. Those who successfully complete the terminal M.A., however, may apply to the Ph.D. program. In addition, students with master's degrees from other institutions are welcome to apply to the Ph.D. program.

The Psychology Department has additional policies and procedures that are described in the Psychology Graduate Student Handbooks, which are accessible from the Graduate Program Overview (https://psy.uncg.edu/graduate/graduate-overview/) page.

The graduate program has four major areas of concentration:

- **Clinical** (Eddington, Fields-Olivieri, Jensen, Keane, Mendez Smith, Nelson-Gray, Vrshek-Schallhorn, Weber, and Wisco)—includes research training and clinical training in a variety of service settings.
- **Cognitive** (Delaney, Kane, Marcovitch, Wahlheim, and Wiley)—includes basic research in human memory, attention, cognition, and language.
