The Bryan School is preparing you to be a new kind of leader, the exceptional problem solver that our organizations and businesses need. We want to make sure that as you expand your leadership ability, you take advantage of everything the Bryan School has developed to support and engage you too take you to the next level of success and impact.

Mission Statement
In the Bryan School of Business and Economics, we create and disseminate knowledge about the theory and practice of business. In addition to our courses and research, we accomplish this through hands-on projects, global experiences, and outreach to the community. Our work produces principled leaders and exceptional problem solvers who have a global perspective, an innovative mindset, a broad understanding of sustainability, and a commitment to improve the organizations in which they work and the communities in which they live.

Student Learning Goals
Each program within the Bryan school has separate learning goals as listed with the degree program. The essential components of a professional education in business (excluding the B.S. and B.A. in Economics, the B.S. in Consumer, Apparel, and Retail Studies and the B.A. in Sustainable Tourism and Hospitality) include common courses for breadth and opportunities for advanced work for depth in the various business disciplines. These core business programs share the following common learning goals:

1. Students will implement the various steps of the critical thinking process, supported by the appropriate use of analytical and quantitative techniques, to formulate recommendations for subsequent decision making.
2. Students will apply appropriate ethical standards when making recommendations for business decision making.
3. Students will evaluate business decisions in the context of sustainability goals, balancing environmental, social, and economic needs, conditions, and potential decision impacts.
4. Students will formulate appropriate strategies, in the context of global issues and forces, to improve business performance in the world economy.
5. Students will explain the roles of innovation and innovation management in achieving successful business strategies, decisions, and performance.
6. Students will be able to plan, schedule, contribute to, and lead projects.

Accreditation
The Bryan School is one of only 183 business schools in the world that is accredited in both business and accounting by AACSB International (The Association to Advance Collegiate Schools of Business), the premier accrediting body for business schools in the world.

Scope
Programs within the Bryan School of Business and Economics prepare students for careers in business and other managed organizations, teaching, and government, or for graduate study. These programs combine the essentials of a professional education and the breadth of general education.

Application for Admission to Program of Study
Students who have met the admission criteria will be notified of admission into their major by Bryan Undergraduate Student Services at the following intervals:

• by October 15, if completing required admission course work during a fall semester
• by March 15, if completing required admission course work during a spring semester
• by July 15, if completing required admission course work during a summer semester.

Departments may require additional steps in the admission to major process.

Admission to a program of study may be denied in cases where additional enrollments would threaten the academic quality of classes or programs.

Criteria for Continuing in the Bryan School of Business and Economics
Students who have been admitted to the Bryan School of Business and Economics must be in good academic standing at UNC Greensboro, must maintain at least the GPA required for program admission, and must meet the continuation requirements of their programs of study.

Transfers
Since most of the courses in the major are taken during the junior and senior years, transfer students often complete their programs without extending their total stay beyond the usual four years. As a general guide, courses taught mainly to freshmen and sophomores here will usually, but not always, be accepted in transfer from accredited two-year colleges. Courses numbered 300 and above generally will not be accepted in transfer credit from two-year institutions. In order to allow timely completion of the required courses and required prerequisites, transfer students are encouraged to complete MAT 120 Calculus with Business Applications or MAT 191 Calculus I prior to transferring.
