**Second Baccalaureate Degrees**

Students pursuing a second bachelor’s degree must meet all requirements within the Bryan School. The Bryan School cannot, at this time, accommodate persons who seek only to complete a series of courses in one field (such as Accounting or Information Systems).

**Suggested Academic Workload Guidelines**

The faculty of the Bryan School of Business and Economics recognizes that many Bryan School students hold jobs to support college expenses. The faculty wishes to emphasize that academic excellence and scholastic achievement usually require a significant investment of time in study, research, and out-of-class projects. To provide guidance to students in planning their academic and work schedules, the faculty of the Bryan School have endorsed the following recommendations:

1. In general, students should plan to devote between 2–3 hours outside of class for each hour in class. Thus, students with a 15 credit hour course load should schedule between 30–45 hours weekly for completing outside-of-class reading, study, and homework assignments.

2. Students who are employed more than 5–10 hours each week should consider reducing their course loads, depending upon their study habits, learning abilities, and course work requirements.

3. Students should take into consideration that many business courses require group work and plan accordingly.

**Scholarships and Fellowships**

Procedures and requirements for applying for undergraduate scholarships are described in Financial Aid.

**Honors Programs**

The Bryan School supports and encourages students to participate in the Honors Programs administered by the Lloyd International Honors College.
