Economics as a Second Major

Completion of a second major in economics is a good choice for students in other social sciences, mathematics, and other professional areas. The double major can usually be fitted into a normal four-year liberal arts course of study. In highly structured professional programs, additional hours beyond the minimum required for graduation are necessary.

Students who double major in economics and another field must complete all major requirements in both areas as well as the general requirements for the degree which they are seeking.

Accelerated B.A. or B.S. to M.A.

Application and Admission

Qualified UNC Greensboro undergraduate students who are pursuing the B.A. or B.S. in Economics may apply for admission to the Accelerated Degree Program and the M.A. in Applied Economics program. A cumulative undergraduate GPA of at least 3.5 based on at least 30 hours earned at UNC Greensboro is required. At the time of the application the student should have also completed or be currently enrolled in:

Applicants must have completed at least 60 semester credits and may not apply for admission to the ADP before the first semester of the junior year. Applicants are also required to take the Graduate Record Examination. All applicants must submit the Request for Accelerated Degree Program to the Graduate School and must simultaneously apply for admission to the M.A. program in Applied Economics.

Admitted students may apply 12 credits of graduate-level coursework toward completion of both the undergraduate and graduate degree, provided that they earn a grade of "B" (3.0) or better in the course and fulfill graduate-level requirements. The graduate courses the student will take within the Accelerated Degree Program in Economics must be approved by the Director of Graduate Study, must be specified on the Request for Accelerated Degree Program, and must be chosen from among the following required courses in the M.A. in Applied Economics curriculum:
