

# INFORMATION TECHNOLOGY UNDERGRADUATE MINOR

---

The Information Technology minor is available to any UNC Greensboro student (other than ISSC majors) who is in good standing in the University. The minor complements a variety of professional and arts and sciences fields. It focuses on various IT tools and applications and the use of these technologies to improve decision-making in a variety of professional environments.

## Admissions and Policies

Students can submit a minor application online here (<https://bryan.uncg.edu/current-students/forms/request-a-change-of-major-or-minor/>) or you can visit our Bryan Student Services Office, Room 137 Bryan Building.

## Program Requirements

- Minimum of 15 credit hours, 9 of which must be successfully completed at UNC Greensboro.
- A minimum grade of C (2.0) in all courses used toward the completion of the minor.

Code	Title	Credit Hours
<b>Required</b>		<b>9</b>
ISM 110	Foundations for Analytics using Spreadsheets *
