GERONTOLOGY (GRO)

GRO 201 Introduction to Gerontology: Thinking about Aging 3
Students think critically about aging in the current US context and develop proposals for change to ensure their ideal old age will be possible. Required for minor in Gerontology.

GRO 411 Silver Industries 3
Overview of the longevity economy and its influences on entrepreneurial opportunities. Case illustrations highlighted. Using the entrepreneurial business model, students explore opportunities, risks, and rewards in the silver industries market.

GRO 444 Baby Boomers 3
Social and cultural impact of Baby Boomer phenomenon, including implications of cohort size, diversity, and life experiences (culture, relationships, politics, health, finances) for images of aging, products, services, and policies.

GRO 451 Gerontology Independent Study 3
Intensive independent study of specialized topics in gerontology.
Prerequisites: Requires written plan including activities and assignments to facilitate achievement of one or more of the undergraduate gerontology SLOs, permission of sponsoring instructor, credentialing of the sponsoring instructor to teach gerontology, and approval of gerontology undergraduate coordinator and department head.

GRO 501 and permission of instructor.

GRO 570 Social Services for the Aging 3
An overview of current issues in the need and delivery of social services to the aging. Students learn skills designed to prepare them for effective practice with older adults and their families.

GRO 602 Seminar: Critical Issues of Aging 3
Analysis of critical issues affecting the aged and how these issues are being addressed using the social ecological model and life course theory.

GRO 620 Research Methods in Gerontology 3
The integration and application of qualitative and quantitative research designs and methods used in gerontology. Additional attention focuses on the formulation and writing of a research proposal.

GRO 645 Introduction to Cognitive Aging and Disorders 3
An examination of cognition and aging including normal aging, mild cognitive impairment, and dementia. Focus will be on preparing gerontologists to work with older adults with various cognitive function.

GRO 650 Administrator in Training - Assisted Living 3
Introduction of knowledge and skills necessary to be an administrator of adult and family care homes. Directed practical experience in approved assisted living or group home to meet state requirements for the administrator-in-training certification.

GRO 651 Theoretical Foundations of Aging 3
Examines the historical development of the profession and discipline of gerontology and various gerontology related roles in a range of settings based on theories of aging.

GRO 676 Special Topics in Gerontology 1,3
Study of a special topic in gerontology.

GRO 680 Elder Law for Professionals in Aging 3
An examination of legal and financial topics related to aging. Focus will be on preparing gerontologists to work with older adults and their families as they navigate complex legal issues.

GRO 695 Independent Study 1-3
Intensive study in an area of special interest in gerontology.

GRO 699 Thesis 1-6
Individual guidance in the development of a specific research problem. May be repeated for a maximum of 6 semester hours credit.

GRO 801 Thesis Extension 1-3
Thesis Extension.

GRO 803 Grad Resrch Proj Ext 1-3
Research Extension.
