METHODOLOGY

Undergraduate
There are no undergraduate areas of study offered by this department. Please see the University Catalog for graduate programs.

Graduate

About
Graduates of the degree programs offered by the Department of Educational Research Methodology are prepared for careers in such settings as universities and colleges, school systems, state and federal departments of education, social service agencies, educational research and development centers, and the corporate sector. Course work is supplemented with research experience on grants and funded projects that include measurement research and evaluation that are being conducted by individual faculty and the UNCG Center for Educational Research and Evaluation.

Graduate Programs
