The Physical Education and Health Teacher Education major leads to dual licensure for teaching in North Carolina and most other states. The dual licensure program prepares a student to teach physical education and health in grades K–12. Throughout the program there are opportunities for active observation, assisting teachers, peer and small group teaching, and a culminating student teaching experience with public school students, including those with special needs.

A second academic concentration in Healthful Living is required for completion of this major.

**Student Learning Goals**

Students completing this program will understand physical education and health content, disciplinary concepts, dispositions and tools of inquiry related to how individuals learn and develop physical literacy, movement skills, and lead healthy lifestyles. They will demonstrate effective verbal, nonverbal, and media communication techniques. They will be able to plan and implement a variety of developmentally appropriate instructional strategies, and use both formal and informal assessment to inform instructional practice. A focus will be on becoming a reflective practitioner who collaborates with others and seeks opportunities to grow professionally.

**Overall Requirements**

- 122 credit hours, to include at least 36 credits at or above the 300 course level.
- All KIN courses must be completed with a grade of C (2.0) or higher.
- In addition to the related area requirements listed below, students in this major must complete a second academic concentration consisting of 18 credits of course work in Healthful Living.
