Applicants must have completed at least 60 credits and may not apply for admission to the AMP before the first semester of the junior year.

Courses

Up to, but not more than, 12 credits of graduate courses may be double-counted. For a course to apply toward both degrees, the student must earn a grade of B (3.0) or better in the course and fulfill graduate-level requirements.

The M.S. degree requires 30 credits of graduate-level course work. If the maximum of 12 credits is double-counted toward both the undergraduate

and graduate degrees, the student must complete a minimum of 18 credits of further graduate-level course work to complete the M.S. degree. Please see the *University Catalog* for a full description of the M.S. degree requirements.

The following courses may be counted toward both an undergraduate degree and the M.S. in Gerontology degree. All courses leading to the completion of the M.S. degree must be approved by the GRO Graduate Program Coordinator.
