General Information

Admission to the university does not constitute acceptance to the department. Academic credit is not awarded for life or work experience. Community social work agencies cooperate with the Department of Social Work in providing field work experiences for the students. The number of students placed for field instruction is determined by the availability of these resources. At times, there may not be an approved site for student placement and there may be delay in meeting that part of the graduation requirements.

Students enrolled in the practice sequence are individually responsible for their own transportation to and from community agencies. Students are required to provide proof of liability and malpractice insurance. Malpractice insurance information is available in the departmental office.

Students who fail to enter senior year field instruction within two years of completion of all Bachelor of Social Work foundation courses must reapply for admission to the social work program. The Director of the Bachelor of Social Work program in consultation with the student and faculty will decide what social work courses, if any, must be repeated prior to reapplying for admission to field instruction.

Students who enter field instruction and fail to successfully complete it must reapply for admission to field instruction within two years of completion of all Bachelor of Social Work foundation courses*. If more than two years elapse, the student must reapply for admission to the social work program. Students who have previously entered field instruction and have not successfully completed it may only reapply once for readmission.
