

JOINT SCHOOL OF NANOSCIENCE AND NANOENGINEERING

2907 East Gate City Blvd., Greensboro, NC 27401
336-285-2800
jsnn.ncat.uncg.edu/ (<http://jsnn.ncat.uncg.edu/>)

Administration

Sherine Obare, *Dean*

Yirong Mo, *Chair*

Dennis LaJeunesse, *Graduate Program Director*

About

The Joint School of Nanoscience and Nanoengineering (JSNN) is a collaboration of North Carolina A&T State University and The University of North Carolina at Greensboro. JSNN's research and educational programs focus on the emerging areas of nanoscience and nanoengineering. The strengths of the two universities in the basic sciences and in engineering make them ideal partners for this new, interdisciplinary school. JSNN faculty and students will be able to access laboratories and classrooms at NC A&T, UNC Greensboro as well as the leading edge JSNN faculty at the University Research Park.

Nanotechnology is often referred to as convergent technology because it utilizes knowledge from a diverse array of disciplines including biology, chemistry, physics, engineering, and technology. Nanotechnology is rapidly becoming a large part of the world's economy, generating an array of materials, technologies, and new products. JSNN's Master of Science in Nanoscience and Ph.D. in Nanoscience degree programs have been developed to meet the need for trained professionals in the emerging high technology industries using nanotechnology.

JSNN has six research focus areas—nanobioscience, nanometrology, nanomaterials (with special emphasis on nanocomposite materials), nanobioelectronics, nanoenergy, and computational nanotechnology. These technical areas will afford numerous opportunities for collaboration with industrial partners.

Mission

The mission of the Nanoscience Department in the Joint School of Nanoscience and Nanoengineering is to prepare students from a variety of backgrounds to conduct interdisciplinary fundamental, applied, and translational Nanoscience research, and support a collaborative research environment that leverages transdisciplinary research platforms.

- Nanoscience, M.S. (<https://catalog.uncg.edu/nanoscience-nanoengineering/professional-nanoscience-ms/>)
- Nanoscience, Ph.D. (<https://catalog.uncg.edu/nanoscience-nanoengineering/nanoscience-phd/>)
- Advanced Materials, Post-Baccalaureate Certificate (<https://catalog.uncg.edu/nanoscience-nanoengineering/advanced-materials-pbc/>)
- Analytical Instrumentation, Post-Baccalaureate Certificate (<https://catalog.uncg.edu/nanoscience-nanoengineering/analytical-instrumentation-pbc/>)

- Medical Science, Post-Baccalaureate Certificate (<https://catalog.uncg.edu/nanoscience-nanoengineering/medical-science-pbc/>)
- Nanoscience, Post-Baccalaureate Certificate (<https://catalog.uncg.edu/nanoscience-nanoengineering/nanoscience-pbc/>)
- Synthetic Biology, Post-Baccalaureate Certificate (<https://catalog.uncg.edu/nanoscience-nanoengineering/synthetic-biology-pbc/>)
