

ARTS IN COMMUNITY UNDERGRADUATE MINOR

The Arts in Community minor prepares students to share leadership with community partners to create the structure and content of community-based arts projects and educational programming.

Student Learning Outcomes

1. Learn how to build fruitful relationships with community partners as a basis for arts projects and educational programming.
2. Gain experience in a variety of methods of community data collection and relationship building.
3. Develop skills in sequential project and curriculum planning.
4. Learn teaching strategies and pedagogical structures applicable to all creative arts disciplines.
5. Learn how to evaluate and refine community arts projects and practices.
